YOUNGTOWN 2020 STREET RESURFACING PROJECT

ADDENDUMS
(03/18/2020)

YOUNGTOWN TOWN HALL
12030 N. CLUBHOUSE SQAURE
YOUNGTOW, AZ. 85363

ADDENDUM #1
Crack-Sealing – High volume pressure blowing/vacuum shall be used to remove dust, debris, or lose pavement fragments

ADDENDUM #2
Youngtown Avenue west dead-end north and adjacent to the Town Square Parking lot, will require crack seal and slurry seal type 2 of approximately 500 sq. yards, which is included in the 34,000-sq. yard seal coat portion of the project. It shall be the contractor’s responsibility to perform their own measurements of this area, the area size is an approximation.
