DEPARTMENT: LIBRARY	DEPARTMENT REPORT SUBMITTED BY: MARY VASS
-------------------------------	---

The Library held its First Annual Harvest Festival on Wednesday, October 26. Instead of our usual storytime, the youngsters played yard games such as giant tic-tac-toe, ring toss, and lawn bowling, ate snacks, and decorated wooden pumpkin plaques. We all had a great time playing and socializing. An important component of school readiness.

The Library participated in the annual G.A.I.N. event with pumpkin decorating, a family reading basket raffle, and library card drive. Each child received a foam pumpkin and jack-o-lantern stickers for decorating. A total of 200 pumpkins were given away. Everyone got a chance to win the gift basket filled with books, puzzles, and much more! All who attended the G.A.I.N. event received a bookmark they could redeem for a prize by opening a Youngtown Library card. Over 475 people visited the Library booth during the event.

Mary Vass met with Nikki Watz, the library para-pro at Country Meadows School to collaborate on how the library and school can work together to promote reading.

Mary Vass attended the Electronic Resource User Group (ERUG) meeting. ERUG consists of librarians from library systems across the Valley meeting to discuss the ever-changing electronic resources that libraries provide to their patrons from e-book platforms to electronic databases for research and learning.

Storytime with Miss Mary continues weekly with stories, songs, and rhymes.

1. **Call to Order:** Mayor LeVault called the meeting to order at 10:00 a.m.
2. **Roll Call:** Council present: Mayor Michael LeVault, Vice Mayor Chuck Vickers, Council Members June Miller, Karen Haney Duncan and Margaret Chittenden. Not in attendance Councilmember Francis and Councilmember Hout.

Staff present: Town Manager Jeanne Blackman

3. **Business:**

A quorum was present, no action was taken at this meeting.

Mayor LeVault discussed the following, including homelessness, public safety, code compliance issues, public safety, ongoing projects in Town, sidewalks, businesses.

The Mayor provided an updated on new homes being built in the Ridgeview and Enclave developments as well as the multi-housing project underway on 113th Avenue.

The Mayor spoke about the financial position of the Town – that the Town is in excellent shape and there is no primary property tax.

The Town's infrastructure is well maintained and we continue to add sidewalks through the Town with the assistance of grant funding.

Mayor LeVault spoke in regards to patrol services, Maricopa County Sheriff's Offices staffing levels, policing needs, and other areas of concerns. We have added approximately 43 LPR cameras (License Plate Readers) which have aided in the recovery of several stolen vehicles. Our security teams are on the street – seven days a week – with Affinium Security and Law Enforcement Specialists. The Mayor discussed the additional ordinances that are going before Council for approval, to assist the Town and MCSO to address ongoing activities that are negatively impacting our town.

Captain Brian Stutsman echoed the success of the FLOCK camera system (LPR cameras) in Youngtown and it has turned out to be a great tool for the Town and for MCSO.

Captain Stutsman continued to speak about engagement with our citizens through neighborhood watch programs and to be the eyes and ears for law enforcement and to report suspicious activity.

2. **Roll Call:** Council present telephonically: Mayor Michael LeVault, Vice Mayor Chuck Vickers, Council Members Margaret Chittenden, Susan Hout, June Miller, and Karen Haney Duncan. Councilmember Francis was absent.

Mayor Michael LeVault noted that a quorum is established for transacting business.

Staff present telephonically: Town Manager Jeanne Blackman, Town Clerk Nicole Smart, and Town Attorney Trish Stuhan.

3. **Pledge of Allegiance and Invocation:** Councilmember Chittenden led the Pledge and Town Manager Blackman gave the Invocation.
4. **Summary of Current Events:**

Mayor LeVault mentioned he requested this special meeting to review the packet of ordinances that we discussed last Thursday during the Council meeting. We need to continue to be aggressive in terms of way that we can push back with what we are seeing on not just our streets here in Youngtown, but across the valley. We want to continue to provide the latest and most effective tools that we can provide to our police officers and our security people.

Councilmember Chittenden thanked Mayor LeVault, and the judges at the Halloween walk around the lake on Saturday and the turnout was very good! We also had a great turnout for the G.A.I.N. event.

Councilmember Haney Duncan mentioned the Maricopa County Sheriff's Office came through with flying colors last night, as everyone was impressed with the K-9 demonstration, and all the equipment and vehicles that the Sheriff's office brought for the event.

A. Presentation, Discussion and/or Action Re: Ordinance 2022-06 Transit – Bus Stop Regulations, related to prohibitions of disruptive conduct impacting public transit.

Town Attorney Stuhan mentioned the intent of ordinance 2022-06 is to tighten up the town's rules regarding conduct near our bus stops, and our transportation areas. So, we have some rules. But realistically, if Maricopa County Sherriff's Office is out there, and they see a problem, they are trying to make a quick decision deciding on state law or is it town code that governs transit. So, one of the things that we are looking at doing, unlike some neighboring jurisdictions, is put our public transportation rules in our code.

Town Manager Blackman and I have been working with Maricopa County Sherriff's Office to help them with a cheat sheet of our Town with the codes we have in place. So, the idea here would be to put our public transportation rules in one place, so that there is no littering on transit property, no dumping hazardous waste, automotive fluids, no spitting, defecating or urinating, and we don't want flammable liquids in those spaces. We don't want people consuming alcoholic beverages, or doing other types of conduct that could impede the flow of traffic so that people can go to a bus stop, they can wait, they can get on, they can get off, we want to make sure we have a flow of traffic that allows our citizens to use public transportation.

So, no throwing objects at the transit vehicles or falsely claiming to be a transit operator or that they are lying down, on our benches, seats, tables, because basically, if people are taking naps there that is supposed to be a transitory place for you sit. We are trying to keep people from sleeping there and which prevents bus riders from using it. We are also looking at limiting hours of operation so that no one can occupy that space between 11:30 p.m. and 3:30 a.m. as we do not actually have any services. So, there is simply no need for people to be using those spots.

At first, MCSO or our security teams are going to talk to people about moving it along. You cannot block traffic; we need to get people on the bus. But if somebody refused to leave or would not comply, this does provide some teeth for your law enforcement. But clearly the idea would be to make sure you have the tools on the books. So, we have repeat people always breaking the rules, at some point Maricopa County Sherriff's Office would have the ability to cite that into our local court to process the violation.

Councilmember Chittenden asked what happens if they are laying on the sidewalk?

Town Attorney Stuhan stated that sidewalks are always going to be a little difficult. The police are always going to do an individualized assessment, they need to go out there and they need to see what is happening.

The intent of this would be there is a part of it that says that it is illegal to impede the operation of transit vehicles, the flow of traffic, hinder or prevent access to vehicles which interfere with the provisions of the use of public transit. So, for example, if the police officer sees somebody sleeping on a sidewalk, and that stops, ADA access, where wheelchairs cannot get through, that is the time they can say, you need to move it along. It is not that you can't be anywhere in the town, or you're kicked out of the jurisdiction, but you can't actually block people from getting on and off the bus. You cannot block pedestrians from using the sidewalk. So that is going to be case by case.

Town Manager Blackman mentioned they will be having a meeting with Maricopa County Sheriff's Office, Law Enforcement Specialists, and Affinium to discuss the new ordinances, and make sure everybody is on the same page and has the same understanding across the board.

Approval of Ordinance 2022-06 Transit – Bus Stop Regulations, related to prohibitions of disruptive conduct impacting public transit on an emergency basis.

Councilmember Haney Duncan

Second –Vice Mayor Vickers

Motion passed unanimously on a telephonic voice vote with all Councilmembers in attendance voting yes.

B. Presentation, Discussion and/or Action Re: Ordinance 2022-07 Pedestrians in Roadway-Median, related to public safety regulations for pedestrians.

Mayor LeVault mentioned Youngtown has only one street that has a median, and that is in the Agua Fria Ranch Parkway. However, the most congested and heavily used intersection, where pedestrians appear to be interfering with the flow of traffic is the intersection of Grand and 113th Avenue, where QuikTrip is located.

Mayor LeVault stated he is recommending to council we table this item, and have the Town Attorney and Town Manager to come up with an ordinance that would better fit our unique situation here in Youngtown. Councilmembers agreed to table until further notice.

C. Presentation, Discussion and/or Action Re: Ordinance 2022-08 Disruptive Properties Regulations, related to neighborhoods affected by chronic unlawful or nuisance activity.

Town Attorney Stuhan mentioned the intent of Ordinance 2022-08. The Town for the most part has a good nuisance rule, and we have been able to use them against properties that have had problems. For example, you have a dilapidated building, and you need to go out and to make certain that it gets cleaned up through compliancy.

You want to work with residents, businesses, but ultimately, we do have in our code, some citation ability and that can go through a municipal court, and we can also do nuisance abatement when people just refuse to comply. So, for several years, the town has been working on trying to focus on key residential and commercial areas that have problems. One thing that the town has looked at is that there are sometimes situations

where you have one or two properties that continue to be disruptive, and violation after violation occurs. So, some cities when they are looking at these types of repeat offenders have worked on a process for having a disruptive property designation. So, you have a property that continues to have nuisance calls, for example, depositing waste, trash, it's continuing to have vandalism, and we're having lots of calls and complaints, there would be a processing code, to at some point, label them a disruptive property.

For example, crimes of domestic violence are not considered a disruptive activity, that is important that we understand that people are, for example, calling out for law enforcement assistance, that those property owners who need protection if there's danger at the home that Maricopa County Sheriff's Office comes out and serves them.

Town Attorney Stuhan stated that you want to adopt this ordinance, the idea is to make sure we do not have a disincentive for using Maricopa County Sheriff's Office. But we also need to make sure we hold owners accountable. So, they are using a disproportionate amount of law enforcement services, rather than cleaning up their weeds, trash and debris, and that there is some mechanism for addressing that disruptive activity.

The code amendment would go on to provide a notice. If they are getting to this threshold, where they are becoming disruptive, that owner knows that they're provided an opportunity to review during that process, that they have an appeal to counsel so that if they disagree, and there's an extenuating circumstance, they have an opportunity to tell you and we want to make sure that there is a process that involves both the town and law enforcement, and we can work on a plan together.

If there is a specific property in town that has, a lot of repetitive calls for service, we can work with them to come up with an abatement plan to solve the problem going forward. But at some point, if a property owner just refuses to take responsibility, this is a tool where you would say, they are labeled a disruptive property. And then after that first time, we are not going to charge you a fee. But the second disruptive activity is going to be \$500. The third disruptive activity is going to be \$1000. The fourth and subsequent will be \$1500, with the idea that there is a monetary penalty attached to properties that continue to violate town code, to try to provide a deterrent to these types of repetitive activities that are harming public safety within the town of Youngtown.

Mayor LeVault reminded Council this is being considered as a direct result of a handful of businesses at the north end of town. Those businesses we were reaching out to them to try and get them to work with us, and to cooperate with us resolve the problem that is happening in that area. Town Manager Blackman and Mayor LeVault spoke with Century Link and Circle K last week in regards to some issues in that area.

Councilmember Chittenden asked if Denny's will be putting a fence around the building to avoid people hanging around here.

Town Clerk Smart mentioned that Dunkin Donuts will be applying shortly for a demolition permit and they will be fencing the property when they do that. I will have the Community Development Manager reach out to them as to when the fence will be put up.

Councilmember Hout asked if these people are loitering in the businesses, or are the businesses allowing them to hang out. You would think that the businesses would welcome and appreciate the town helping them.

Mayor LeVault mentioned that some businesses are notorious for allowing this kind of activity to occur on their property. Mayor LeVault mentioned he personally witnessed drug deals, loitering, and other unacceptable activity on these properties. What we are looking for is a way to deal with those businesses that are allowing that to happen on their property.

Approval of Ordinance 2022-08 Disruptive Properties Regulations, related to neighborhoods/businesses affected by chronic unlawful or nuisance activity on an emergency basis.

Councilmember Chittenden

Second –Vice Mayor Vickers

Motion passed unanimously on a telephonic voice vote with all Councilmembers in attendance voting yes.

- D. Presentation, Discussion and/or Action Re: Ordinance 2022-09 Aggressive & Prohibited Forms of Solicitation, related to updating the Town's regulations governing aggressive forms of solicitation, protecting pedestrians, and deterring dangerous behaviors in roadways.**

Mayor LeVault mentioned we adopted an ordinance some time ago, which was recommended by the League of Arizona Cities and Towns. So, we already have some laws on the books. However, we need to tweak them a little bit in terms of tightening it up.

Town Attorney Stuhan mentioned the intent of Ordinance 2022-09. The Town had asked that we review our codes to see if we can learn from our sister cities if there are any best practices or tools that could be used. Youngtown had already adopted an aggressive solicitation ordinance several years ago based on the League of Arizona cities and towns model ordinance.

So, a lot of the stuff that Glendale did, the town already had in its code. Town Attorney Stuhan added a prohibition which is similar to theirs, which is it is unlawful for any person or group to solicit money or anything of value, or solicit goods or services from an operator of a motor vehicle that is in traffic on a public street, or stopped for a traffic control device or stop sign on a public street.

Regardless of whether in exchange for cleaning the vehicles windows or for blocking, occupying, or reserving a public parking space or directing the occupant to a public parking space. Or even if no services are received in exchange for responding to the solicitation provided, however, if there is an exemption, it is not going to apply to services rendered in connection with an emergency repair. So, if you have an operator or passenger having an emergency situation, they can certainly be stopped at the median for temporary periods of time. There would ultimately be a civil violation possible if someone refused to comply. So that is something that would be added to the rules that are already in place

So substantively, the Town Attorney struck out some language in code as more of a legal cleanup. But the key change would be adding that prohibition, realistically dealing with operators of motor vehicles, in traffic on a street or stopped at a traffic control device.

Town Attorney Stuhan did separately provide Council an opinion on all these memorandums. If Council has any questions, we can, of course go into an Executive Session for legal advice. But otherwise, you have the full ordinance and my opinion in front of you.

Councilmember Miller mentioned she would like to leave and not strike out the continuing to solicit withing five feet of a person.

Town Attorney Stuhan stated that is a policy decision for the Town.

Vice Mayor Vickers stated if they are within five (5) feet or closer, they are within striking distance. Vice Mayor Vickers would like eight (8) or ten (10) feet instead of five.

Town Attorney Stuhan stated before she gives an opinion like that, she always like to take a second and ask if we would like to go into an executive session where she can confidentially tell them that opinion, or if they like her to say it in public. There are all kinds of reasons she can recommend something from a legal perspective or not. And if counsel wants an ordinance, she wants you to have that ordinance, she is going to defend that ordinance.

She does not want to bind this town or have anyone think that her legal opinions are correct. Other attorneys may disagree. So, she will not put her legal opinion on the record unless council wants her to. Because if there is ever a challenge, then you might have to live a little bit with what she said, and other attorneys can disagree. Do you want me to provide an opinion on this ordinance on the record? Or do you want to go on executive session?

Approval of Ordinance 2022-09 Aggressive & Prohibited Forms of Solicitation, related to updating the Town's regulations governing aggressive forms of solicitation, protecting pedestrians, and deterring dangerous behaviors in roadways on an emergency basis. And remove the strikeout on continuing to solicit withing five feet of the person being solicited after the person has made a negative response to such solicitation.

Maricopa County Sheriff's Office

Annual Report for Youngtown

This report reflects a year to year comparison of calls for service and on view based on the primary deputy's call sign.

Data Sources and Knowledge Stores

The Maricopa County Sheriff's Office (MCSO) utilizes Intergraph's Computer-Aided Dispatch (I/CAD), that went live within the MCSO on September 24th, 2013.

Definitions

Calls for Service (CFS) – occurs when a resident contacts the Office, typically by phone, and a deputy is dispatched to handle the call (Wilson & Weiss, 2009). They include calls to "911" for emergency assistance along with to non-emergency numbers (Police Data Initiative, n.d.).

Deputy Initiated Activities (On View/OV) – occurs when a deputy initiates the dispatch by conducting a traffic stop or other proactive policing event.

Unknown Origin – this occurs when the I/CAD is unable to determine the origin of the event. This is rare but does happen.

Additional Information

An asterisk (*) indicates subcodes were grouped under the main event category. For example, speeding and no seatbelt, etc., are grouped under the main event category Traffic Violation*.
